

Q7

Hair buildup in the bathroom and washroom - is it okay to wash it down directly?

A7

Doing so may cause the drainage pipes to become blocked. Be sure to frequently remove hair from the drain.

By carefully removing the hair caught in the strainer covering the bathroom drain, you can prevent hair from being washed down the drain.

If you remove the “bell” portion of the bell trap, the trap will no longer function properly, and clogs or foul odors may occur. Please refrain from removing the “bell” portion from the trap.

Also, the hair caught inside the bell trap will accumulate and require periodic cleaning.

(See page 14 for more details)

It is okay if you remove it frequently
