

Where can I find out about the construction work conducted by the Bureau of Sewerage?

You can access information on sewerage system construction by region on the Bureau of Sewerage's website.

Look up construction information from the Bureau of Sewerage on the homepage!
<http://www.gesui.metro.tokyo.jp/>

Access the Tokyo Bureau of Sewerage's homepage from the URL above!

Click on the "Familiar Information" → "Information on construction work in your neighborhood" tab at the top of the homepage.

Click the region you want to view

Construction information of the sewerage system will be displayed by region.

The screenshot shows the homepage of the Tokyo Bureau of Sewerage. At the top, there is a navigation bar with a 'トップ' (Top) button and a '身近な情報' (Familiar Information) tab. Below this, there is a section titled 'お近くの工事情報' (Information on construction work in your neighborhood) with a downward arrow. The main content area displays a list of construction projects, categorized by region (e.g., 1区, 2区, 3区, etc.). A callout box points to the '身近な情報' tab, and another callout box points to the 'お近くの工事情報' section. A third callout box points to the list of regions, and a fourth callout box points to the list of construction projects.
