

Q18

How should I request drainpipe work?

A18

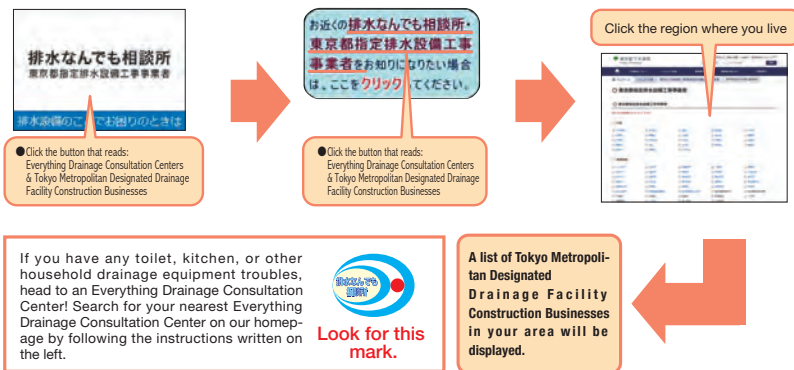

Please commission one of the Tokyo Metropolitan Designated Drainage Facility Construction Businesses to do the work.

When ordering drainpipe work, get an estimate from a few companies and, after sufficient consideration, exchange a satisfying contract.

You can find the list of the Tokyo Metropolitan Designated Drainage Facility Construction Businesses by area on the Bureau of Sewerage's homepage.

※Tama District residents should contact their local municipality's sewerage department for a list of designated businesses.
